GOVERNOR ORDERS PROBE OF THE FREIGHT RATES ON COAL

Davis Acts To Relieve The Miners

COLUMBUS, O., January 19.—(By the Associated Press.)—Governor Davis today ordered the Ohio public utilities commission to begin an immediate investigation of state freight rates on coal with a view to reducing such rates. In a statement the governor declared that the coal industry of Ohio was in such a deplorable condition that some action must be taken at once looking toward its revival.

Suffering in Many Districts

In his communication to the public utilities commission, Governor Davis said: "Present adverse conditions in Ohio's coal mining regions, which approach in some districts complete paralysis and are resulting in unemployment, entail much suffering, point to highly discriminatory freight rates on coal shipments as a main reason for this acute depression."

The governor transmitted to the utilities commission a mass of data on the situation obtained by Director of Industrial Relations Tellow, showing that increased freight rates during the period of government control ranged from 104 to 250 per cent.

"That this has had a grossly discouraging influence upon coal mining operations in Ohio is beyond doubt," the chief executive said. He asserted that fewer men now are employed in Ohio mines than ever before and that the tonnage fell off almost 20,000,000, or forty per cent, last year.

Thousands Face Hunger

"Literally thousands of Ohio miners and their families are facing hunger today as one of these results. And with such conditions prevailing, and Ohio mines representing many millions of invested capital, continuing idle, train load after train load of foreign coal is being brought into the Ohio market from long distances, under rates that were increased an average of only 84 per cent, while, as pointed out, Ohio's rates were increased from 104 to 250 per cent."

Blames Coal Rates

The governor asserted that rates charged within the state bear a conspicuous share of responsibility for these conditions as they are such "that the short haul cost in proportion, minus merely in excess of expense of long shipments."

Inasmuch as the state commission now is vested with authority to regulate state rates, which authority was taken from the commission during federal control of the carriers, the governor says he feels that "prompt attention should be given the situation as it is affecting Ohio's coal industry."

Cowgirl Won Success By Hitching Wagon To Star

MISS MARY MCCORMICK

BY ROY GIBBONS

C HICAGO.—When it comes to hitching a crescendo on high, knocking the spots off a bull's eye with a revolver at 50 paces, or lassoing a steer during roundup season—Miss Mary McCormick, cowgirl, soprano attached to Mary Garden's Opera Company here, can do one and all with equal ease.

She's 22 and first saw life on a ranch in Belleville, Ark., in a typical wild and woolly spot of the old west. Her family moved up and down the prairie towns during her girlhood and Mary's voice attracted considerable attention from cowpunchers who used to coo her to sing ballads.

Worked Through College

She graduated into a church choir and then ambition to become famous as a singer dawned one day when she was awarded a prize for "rendering 'Follow Me, The Life Line'."

Following this Mary came to Chicago and remained undiscovered for nearly three years while working her way through Northwestern University Conservatory of Music by clerking in a department store.

But she never forgot her ambition to become famous—and saw, golden opportunity in the person of Mary Garden, whom she followed about so persistently for six months that Mary, more to be rid of her, agreed upon a trial.

And the trial proved her making.

Debut Big Success

Miss Garden was completely surprised when she discovered the power and beauty of Mary's voice and had her placed under private tutelage as her special protégé.

Then came the debut as Micaela in "Carmen."

Chicago went wild with applause and appreciation.

"I did it by simply hitching my wagon, as they say, to a star, and never transferred," says Miss McCormick.

Beats Up The Phone Operator

MOULTRIE, GA., January 19.—(By the Associated Press.)—Angered because he could not get a certain number on the telephone, Ed Smith, of Oprega, rode 12 miles and beat up the operator at Norman Park, according to an indictment returned by the grand jury here against Smith. The operator at Norman Park is James Wilson, Smith was released on bond pending trial.

HOBO ON ARCTIC TRAILS FOUND WITH NOTEBOOK OF DR. COOK'S EXPEDITION

OLD TOWN, MAINE, January 19.—(By the Associated Press.)—A hobo on Arctic trails who had with him a notebook and other relics of Dr. Cook's expedition of 14 years ago is described in a letter received here from Kenneth M. Clark, a Harvard graduate, who is now cruising timber lands in the northern Maine wilderness.

Found Rough Igloo

Exploring a strange trail with a guide, Clark wrote, he found a rough igloo nearly buried in snow. Inside was a lone Eskimo or half breed, clothed in furs. A notebook in a corner of the hut together with papers and bits of metal apparently parts of a sextant caught Clark's eye and examination of the book disclosed the name of Dr. Frederick A. Cook. The pages contained notes on weather, latitude and longitude data, condition of ice floes and other memoranda.

Eighty-nine was the farthest north position decipherable, Clark wrote. With the help of his guide the timber cruiser said, he learned from the lone occupant of the igloo that he was a wanderer of the wilderness. He had been with the Cook expedition, he indicated, one of the few who "stayed with the explorer after his party had been split by blizzards, thinned by scanty provisions and forced to turn back when the dogs went mad."

Took Note Book With Him

Before leaving, the man said, he took the note book and other articles and had been carrying them since. (It was in 1908 that Dr. Cook came out of the north with the claim to discovery of the Pole on April 21, 1908, which caused heated controversy with Admiral Peary, who characterized Cook's claim as "a gold brick.")

The Eskimo said he was about ready to end his wanderings and turn toward his home igloo, farther north, trusting to his spear and knife to supply him with food on the way. The pork and coffee supplied by the timber cruiser were so much to his liking, however, that he attached himself to him as an official game killer. Clark wrote that he was bringing the notebook back to civilization.

Pep! That's Slogan Of Woman Mayor At 80

By Ned Service

MAGNETIC SPRINGS, O.—Meet Mrs. Mary McFadden, live-wire, 80-year-old mayor of this town, who has put the magnetism in Magnetic Springs, and already started to draw attention to her town.

Appointed when Mayor N. C. Brown resigned, Mrs. McFadden immediately adopted "pep" as her working slogan and happenings have been chalked up at a rapid pace. Thus far she has:—

Ordered Marshal W. R. Bainbridge to oust bootleggers and halt gambling.

Adopted a curfew that will keep kids off the streets after 8:30 in the evening.

Moved her own office out of a cold town hall into warm quarters in a hotel.

Told pool room owners she'll close 'em up if minors are allowed in their places.

Announced she will serve coffee and sandwiches at all council meetings to insure full attendance.

Started a campaign for a bond issue to build an addition to the town hall and to buy more fire apparatus.

"And that's only the beginning," she says. "The town needs living up and I'm going to do it."

Mrs. McFadden has been Republican all her life.

How did they happen to pick her for mayor? Well, she hasn't taken a keen interest in town affairs for many years and lax officials have drawn her

Wholesale Price Level Stationary During Months Of November And December

WASHINGTON, D. C., January 19.—(By the Associated Press.)—The general level of wholesale prices remained stationary through November and December, the bureau of labor statistics of the department of labor announced today. The bureau's weighted index number, with the 1913 price level denoted by 100, stood at 149 in those two months with the prices of 327 commodities considered.

Foodstuffs, farm products, clothes, clothing, chemicals and drugs showed a declining tendency, which was most pronounced in such articles as cattle, hay, hops, peanuts, butter, cheese, eggs, lard, lemons, oranges and sugar. Metals and house furnishings goods were listed as unchanged, while fuel prices showed a slight increase and building materials advanced three per cent in December over the November level.

An increase for the month of two per cent was reported in the following miscellaneous commodities, including bran, mill feed, middlings, linseed meal, lubricating oil, paper, Manila rope, and tankage. Of the 327 commodities, 116 were shown to have decreased, 80 increased and 122 remained stationary in price in December.

The general level of wholesale prices in December, according to the announcement, was 21 per cent lower than it was one year before, with house furnishings goods showing the greatest decreases of 37 per cent, metals and building materials 24 per cent, farm products 21 1/2 per cent, fuel 21 per cent and food 19 per cent. All of the remaining groups of commodities showed smaller decreases.

Court Fixes Cleveland Gas Rate

CLEVELAND, O., January 19.—(By the Associated Press.)—A new natural gas rate for Cleveland of 40 cents a thousand net for the first 10,000 cubic feet, 50 cents net for the second and 60 cents for the third 10,000 feet, with \$1 a thousand for all over 30,000 and a minimum charge of 75 cents a month, effective February 1, was ordered by the district court of appeals today in making permanent the temporary injunction granted the city in September, preventing the East Ohio Gas Company from shutting off the supply.

This is a reduction of 5 cents a thousand on the first and second blocks of ten thousand feet used and 15 cents on the third ten thousand, from the rate fixed by the court at the time the temporary injunction was granted, as well as a 75 cent cut in the minimum charge. At that time 75 cents was fixed as the price per thousand feet for all over 20,000 cubic feet.

The opinion upholds the contention of the gas company that it is entitled to a higher rate than the flat 35 cents rate provided by the ordinance, which was refused by the company, but holds that the temporary rate fixed by the court at the inception of the injunction proceedings is too high.

The opinion points out that under the present temporary rate there was paid into the trust fund, subject to the order of the court, the difference between the 35 cent rate and the temporary rate. These sums are to be refunded to gas users in case the company is beaten in its final fight in the supreme court.

Condition Of Pope Not Serious

ROME, January 19.—(By the Associated Press.)—The condition of Pope Benedict, who is suffering from a cold, is not considered serious, but he will be forced to remain in bed five or six days, it was said at the Vatican today. The cold has settled in the bronchial tubes.

The correspondent was informed this morning that the pope's temperature had subsided to almost normal. His Holiness is eating very little and has been ordered to remain quiet.

Cardinal Gasparri and other Vatican prelates are constantly near him. Cardinal Gasparri said today three things were necessary to restore His Holiness to health, "bed, bed, bed." Pope Benedict has never known what it was to be really ill. Throughout his life he has always enjoyed the best of health and it is difficult for him to remain in bed. He kept on conducting the affairs of the church after the first symptoms of illness appeared until Cardinal Gasparri's urgings were successful in inducing him to take to his bed.

The cardinal was successful only after it was seen that the pontiff's temperature was fluctuating and that there were disquieting signs of influenza and bronchial trouble.

To Use French Guns For Artillery

WASHINGTON, D. C., January 19.—(By the Associated Press.)—Training of regular troops with American modeled 75 millimeter guns will be discontinued and training with the French 75's will be extended to artillery units of the regular establishment, the national guard and officers of the organized reserves. Orders already have been issued by the chief of field artillery. It was learned today, directing organizations in the regular army equipped with the American models to turn them in for the French type replacements.

It is the policy of the field artillery chief to equip all field artillery brigades stationed in the United States with the French guns. They have been accepted as the standard light gun for the regular army and the national guard, and in time of national emergency, would be issued to the organized reserves.

POINCARÉ FIRM ON TERMS OF TREATIES

PARIS, January 19.—(By the Associated Press.)—Firm treatment of Germany and strict execution of the peace treaties were demanded by Premier Poincaré today in presenting his new cabinet to parliament and reading its statement of policy in the chamber of deputies.

This platform, as the premier voiced it, brought out an ovation from the chamber approaching the enthusiasm Clemenceau was wont to arouse in the dark days of the war.

The chamber was crowded while outside lingered a throng numbering those who succeeded in gaining admission.

Premier Poincaré accepted an immediate discussion of interpellations. This delaying the appeal to the chamber for a vote of confidence.

The ministerial declaration declared:—

"Witnesses Detained By State"

SAN FRANCISCO, Cal., Jan. 19.—What the defense in the second Rose C. Abnerkle manslaughter trial proposed to do as a result of testimony yesterday that two prosecution witnesses had been detained at the home of an attorney of the district attorney's office was a major topic of conversation around the court room today.

Miss Alice Blake, a participant in the party at the hotel St. Francis here, at which Abnerkle is accused of inflicting fatal injuries on Miss Virginia Happe, testified yesterday that she and Zer Prevost had been detained at the home of an attorney of the district attorney's office against their will.

Asked whether she had been coerced regarding her testimony, the witness said she "would rather not state."

Bullet Taken From Base Of His Brain

CHICAGO, January 19.—(By the Associated Press.)—Results of an operation performed to remove a bullet from the brain of Benjamin Buckner, serving a life term in the Joliet state penitentiary for murder, which transformed him from a "bad man" to a model prisoner, will be put before the state board of pardons and paroles in an effort to obtain his release, it became known here today.

Buckner was sentenced in 1905. Upon his arrival at the prison, he began a reign of terror, engaging in fights with other prisoners and refusing to obey orders. He continued to be unmanageable until recently when he complained of severe headaches. He told physicians that years ago he had been shot in the head and the bullet had not been removed. The bullet was found near the base of the brain. His pressure, physicians said, was the cause of the outbreaks.

KILLED BY STEPFATHER

CLEVELAND, O., Jan. 19.—Thomas Maple, 22, was shot to death early today by Frank Newberry, 60, his stepfather, after police say. Maple slapped his mother in a quarrel over a girl. Newberry is charged with first degree murder.

Maple brought the girl, with whom he had been keeping company, to the home shortly after midnight, it is said, and became infuriated when his mother said she could not make room for her and the girl.

Price of Window Glass Cut

PITTSBURGH.—A cut of 25 per cent in the price of common window glass was announced by the American Window Glass Co. A cut of 22 per cent was made several months ago.

COLD WAVE WITH SNOW HITS WEST

CHICAGO, January 19.—(By the Associated Press.)—A cold wave, bearing snow, reached eastward from the Rocky mountains today. Leaving behind the coldest weather known in Washington and Oregon since 1909, and below zero weather in the nearer western states, it was expected to reach Illinois by noon today. Predictions were that the coldest weather of the winter would be produced with a minimum reading of five above.

The lowered temperatures will spread into Kentucky, Louisiana, Mississippi and southwestern states, the government weather bureau said.

At Deer Park, Washington, 25 miles from Spokane, a temperature of 35 degrees below zero was recorded. Northern Idaho and Montana are experiencing below zero weather and at Billings, Mont., the temperature fell to 20 degrees below. Casper, Wyoming reported 36 degrees below and a three inch snowfall.

In Nebraska and the Dakotas the thermometer descended rapidly with predictions that it would go below the zero mark before midnight.

Penetrates Into California

Denver dispatches told of extreme cold in Colorado, while from San Francisco came word that the cold wave had penetrated the southern part of the state, causing snow to fall at Redlands in the heart of the citrus fruit district and threatened crops there.

At Reno, Nevada, the temperature was seven degrees below.

Kansas City reported that the thermometer there had reached the ten degrees above mark, while indications were that it would, go even lower. Snow, sleet and rain accompanied the cold.

Texas felt the cold wave which reached far south into that state, while New Orleans was preparing for some unusual cold following the forecast of a drop in temperature of forty degrees in parts of Louisiana and Mississippi.

Ohio To Feel Cold Wave

WASHINGTON, D. C., January 19.—(By the Associated Press.)—The western cold wave it was indicated today by the weather bureau, will reach the Atlantic coast by tomorrow.

"The western cold wave has spread eastward to the upper Mississippi valley and southward nearly to the Mexican border," said the bureau's general forecast today. "Unusually cold weather now is generally throughout the plains states, the Central Rocky Mountain region, the plateau region and the Pacific states except Southern California. The lowest temperature reported was 34 degrees below zero at Lander, Wyoming, while a severe freeze is reported this morning in northern and central California."

Cold wave warnings were issued for tonight in Michigan, Indiana and Ohio, with the cold area forecast as creeping over the rest of the eastern portion of the country and extending into the south tomorrow and tomorrow night.

Dispute Over Marriages

YOUNGSTOWN, O., January 19.—(By the Associated Press.)—Prosecutor H. H. Hull, of Mahoning county, today took issue with a ruling reported to have been made by the state registrar of Pennsylvania, holding that the marriages of hundreds of Ohio couples who secured Pennsylvania marriage licenses but were married in Ohio, are illegal. Hull declared that under Ohio laws couples who live together and announce their marriage are legally wed, and their offspring is legitimate. The Pennsylvania ruling is said to have been made at the instance of the Lawrence county prothonotary at New Castle, Pa., who sought information at the instance of Youngstown ministers.

Women's Voters League In Session

COLUMBUS, O., January 19.—(By the Associated Press.)—Officers, regional directors and chairmen of standing committees of the Ohio League of Women Voters attending the first directors' meeting of this year today heard reports on various lines of work for which the league stands.

These reports will include child welfare, independent citizenship efficiency in government, food supply and demand, social hygiene and women and children in industry.

Miss Belle Newson, of Cincinnati, is expected to tell of a plan to have uniform laws for women.

YIELDED TO STATUTES WHEN CHILDREN WERE SENT TO CHILDREN'S HOME

COLUMBUS, O., January 19.—(By the Associated Press.)—Heavy fines and jail sentences for failure to send their children to school, as provided by the King school attendance law, did not deter the Amish in Holmes county from continuing to violate the statutes, but committing their children to the county home as dependents forced them to capitulate, according to a letter received by the Ohio institute for public efficiency from Judge F. H. Close, of Millersburg, county superintendent of schools.

"Our situation here," wrote Judge Close, "is practically solved. The Sam Yoder church passed a law that their children should not be allowed to come 'uneducated' and by no means should be permitted to study geography, history or health."

"The Holmes county Amish belonging to the church were ordered to obey the law or be discharged from the church. Fines and the selling of their property through executions made no headway as they would lose property and be rebuked by the church rather than give in."

"Joe P. Horshberger was fined three times, the last being \$1,000. Samuel E. Miller was fined \$400 and several others were fined lesser amounts."

Brought Them To Time

"Then the children, eight of them, were taken as dependent children and committed to the children's home. This brought them to time. They said they would need two weeks to change their 'church law' and stated that if the children were allowed to go home on a two weeks' visit they would sign an agreement to keep them in school during the time specified by law, and return the children to the home January 21 unless they were discharged in the meantime by the probate judge."

"They were given their children for the two weeks time, and we have every assurance that matter will be satisfactorily settled. Our trouble has not been over non-attendance, but failure and refusal to study subjects required by law."

THE TIMES WEATHER MAN

The extremes in local temperature today were: Hi—54; low, 42.

1315 Arrests Made In The City Last Year; Police Court Figures

Last year in Portsmouth there were 1315 arrests, an increase of more than two hundred over the preceding year. A short time ago at a law enforcement meeting, a prominent speaker said that he hoped there would be more arrests this year—if there were as many crimes committed as in the past.

Already, although 1922 is but 19 days old, there have been 75 prisoners entered on the police records. If this keeps up for the other 357 days, the total for this year will be more than 1500. With the proposed increase in the police force, the record will probably be maintained.

Now, while dry law enforcement is so much under discussion, it is interesting to note the number of arrests for the breaking of such laws. 218 were arrested for drunkenness, more than for any other offense. 15 were arrested for driving a machine while intoxicated; three for furnishing liquor to others; 34 for having illicit stills; three for keeping a place where liquor was sold; ten for transporting liquor; 15 for unlawful possession of liquor; four for bootlegging, making 202 for breaking laws that became effective with the passing of the 18th amendment and the Volstead Act. More than one fifth, to be exact 22 per cent of all the arrests of the year came under this classification.

Next to drunkenness, disorderly conduct got more people into trouble than the other offenses. 150 faced this charge during the 12 months of 1921. 95 were picked up by the officers for investigation.

Traffic violators take up quite a lot of space on the records. Listed under this class are 73 offenders, while one was arrested for driving over fire hose; three for having obstructions in the streets; two for reckless driving and one for violating the parking laws. Forty-six were arrested for speeding.

Fifty-three fighters were taken in and the same number were picked up for shooting crap and playing poker, or other forms of gambling.

Fifty-two were caught in the police net for loitering.

Pettit larceny was the charge placed against 25.

Eighty-six were arrested on warrants of all kinds. Thirty-nine faced burglary charges.

Only one was arrested on a charge of murder by the police during the year.

The various other offenses listed for the year were as follows: absent without leave, 41; abandonment, 11.

adultery, 17; assault, 23; assault to kill, 7; bastardy, 2; bicycle stealing 10; breaking glass in the street, 2; carrying concealed weapons, 14; desertion, 5; defrauding inn keepers, 1; defrauding by giving short change, 1; defrauding a religious meeting, 5; delinquent, 4; turning in a false fire alarm, 4; forgery, 10; fornication, 30; arrested for the Bureau of Community Service, 3; for other authorities, 4; having dynamite in possession, 1; harboring vicious dog, 2; highway robbery, 7; issuing a check without funds 1; keeping a house of ill fame, 2; malicious destruction of property, 3; non support, 1; pointing firearms, 4; profane utter: writing, 1; receiving goods under false pretenses, 1; receiving stolen goods, 4; resisting an officer, 3; riding a bicycle on the sidewalk, 1; running away from home, 8; robbing United States mails, 1; rape, 2; robbery, 10; arrested for safe keeping, 4; selling mortgaged property, 1; shooting with intent to kill, 1; shoplifting, 6; slander, 1; violating Sunday closing law, 6; visiting a disorderly house, 5, and wife beating, 9.

To Hold Box Social

Two applications were favorably initiated upon and four were received at last night's meeting of Portsmouth Council, Jr. O. U. E. A. M. February 1st was the date set for the box social and entertainment. A mock trial will be one of the features.

Two Men Held
Charles Hill and Wm. Lofton were the names given by two men arrested in Ironton Wednesday. They are accused of breaking into Hoppy's cigar store in Ironton.

Severe Storm
A severe electrical storm passed over the city at 9 o'clock last night, but no damage has been reported. A heavy rain accompanied the lightning display.

Use of oil as ship fuel has killed many aquatic birds and inhabitants of the ocean along the Yorkshire coast.

TO-NIGHT Tomorrow & SATURDAY

Unique Program

Participants of the most unique program that has been planned in the city is the "Bible Study" in the Bible School, in the lecture room of the church, this Thursday evening, starting at 7:30.

The main attraction will be the discussion of the following: "Resolved, That a chaste ill-assured wife and housekeeper is more desirable than a dirty good-looking wife and housekeeper."

Five speakers will present the two sides of the question and await the decision of the judges with much impatience. Three of the speakers are men and three women, and the presentation of the arguments will no doubt call forth much merriment.

Aside from the debate, there is to be other features on the program out of the ordinary, which will be greatly enjoyed. A small admission of ten cents is being charged and the proceeds will go to the class treasury.

It is equipped with a 70 horsepower engine and he says it performed wonderfully. It is finished in black, and the satin hand carvings on the exterior are very beautiful. The hearse has many new appointments and is one of the most up-to-date made in the country.

We might prefer to go direct to God Himself, but He has referred us to His Church (John 20:23) and whether we like it or not, that's just what we have to do. There is no room for discussion. Our likes and dislikes were not considered at all.

To most people, cinnamon is just cinnamon. Not so to Heinz chefs. Each batch must pass rigid laboratory tests for quality before it can even get into the Heinz Kitchens—not to mention the Ketchup. All other spices are as carefully selected. Heinz grinds his own spices.

Woman's Skull Is Fractured In Fall

Mrs. Mary E. Voorhees, aged 62, mother of Deputy Warden Frank D. Voorhees of Grandview avenue is in a local hospital suffering from a fractured skull, which she suffered in a fall down a flight of stairs in her son's home last night.

She tripped on a rug at the top of the stairs and fell headlong down the stairs. She was unconscious when picked up and taken to the hospital.

An X-ray examination today showed a fracture of the skull, but it is slight in nature, and Mrs. Voorhees' condition is not considered serious. She is suffering considerable pain, but relatives believe she will soon be able to return to her home.

STILLERS CONFESS AT BIG MEETING

MANCHESTER, Jan. 19. — Rev. Thomas Carr of Kentucky has been holding a series of meetings at Germany a small church settlement in Monroe township, 7 miles east. Much interest has been shown by all classes of all ages.

Thirty have united with that branch of the church. A slight ripple was caused when a prominent Monroe township man took the platform and said: "If anyone will come to my home at an early hour tomorrow morning I will give him a first class still and complete outfit for making moonshine come early or the infernal thing will be scrapped. Furthermore, if you will tell my Monroe township clients of this fact it will save them a long trip over the hill—never again will a still be operated by me."

Four other men of that township made a public confession of making and selling pale goods. One man said as a concession for crime that he had used the best ingredients obtainable and that he had not sold to minors—in fact did not have to, as voters took his output as fast as made.

Will Meet To Form Highway Association

Supporters of the Atlantic-Pacific Highway from the Indiana state line through southern Ohio, northern Kentucky and into West Virginia, east of Ironton, will meet at Ironton some time this month to form an Ohio-Kentucky-West Virginia A. P. Highway Association for the purpose of securing concerted action on the new trans-continental trail.

President H. A. Russell, of the Atlantic-Pacific Highway Association, will attend the meeting and set the date for holding it. The present plan is to devote two or three days to carrying out a program to further the interests of the project. Information has been received by the Chamber of Commerce that the greater portion of the road through northern Kentucky and West Virginia, east of Ironton, has been completed or now is under construction, assuring early use of a perfect highway from Portsmouth to Charleston, W. Va.

It was through the steady effort of the Portsmouth Chamber of Commerce, that the original route of the Atlantic-Pacific highway was changed to pass through Portsmouth, instead of adopting part of the highways of the northern part of the state. This was accomplished last fall when representatives of the Chamber of Commerce met with the officers of the Atlantic-Pacific highway association and pledged a campaign which resulted in the state adopting the river road to Cincinnati. State Highway Commissioner Leon Herrick states that he expects to start improvement on the Cincinnati-Portsmouth route sometime this spring.

Accused Of Having Liquor

S. L. James, 37 years old, was the name given by a man taken into custody by Deputy Sheriffs Frank Bennett and Wm. R. Hickey Wednesday night and lodged in the county jail, where he is held to meet a charge of having liquor.

According to the officers, James, whose home is in New Boston, was found with a half gallon jar of liquor when he was apprehended in the East End at a late hour last night.

Candidate For Surveyor

Another candidate has entered the race for the Republican nomination for county surveyor. The latest to announce himself is Deputy County Surveyor Harold E. Burney, working at present under County Surveyor Arthur B. Harwood. Mr. Burney was village engineer at New Boston for two years and has been deputy county surveyor for two years. He also worked under former County Surveyor John Harper. Mr. Burney is a man well qualified for the job.

He studied engineering at Ohio Northern University, Ada, O., and has had many months of practical experience. Mr. Burney has had much experience on the highways in this section as the state highway work here is under the direction of the county engineering forces.

Hoover Says Stage Appears Set For Coal Strike

WASHINGTON, Jan. 19.—Secretary Hoover declared today the stage appears to be set for a general strike in the bituminous coal industry at the end of March, when existing wage contracts expire.

Mr. Hoover said that the lack of progress made in the negotiations looking towards averting a break between coal operators and miners indicated that the situation was moving toward a strike.

Woman Hit By Automobile

Mrs. G. H. Distlerick of near Franklin Furnace was slightly injured today noon when struck by a touring car driven by Frank Walters of Waller street. She was crossing Waller street at Eighth when she was knocked down by the machine. Mr. Walters wanted to take her to a physician's office but she refused. She also refused to tell her name to Police Chief Distel who was called to the scene to investigate.

Mrs. Distlerick had left her machine on the east side of Waller street and was on the west side delivering butter and eggs. She was on her way to her Ford car when the accident occurred. Mr. Walters claimed the woman stepped from behind a tree and walked in front of his machine before he could stop. He drove the machine over the curb in an effort to avoid hitting the woman who got into her own machine and drove away saying she would go to her own physician to have her injuries treated.

Space Enlarged

Walter Doerr has just completed several improvements made in his store on Second street. He has moved his office and enlarged the floor space of his store.

SEAMAN, Jan. 19.—J. S. Williams' son's general store, Harshville, near here, was robbed of shoes, blankets, shirts, floor, tobacco and cheese. Coffee was poured out of big sacks in front of his machine before he could stop. He drove the machine over the curb in an effort to avoid hitting the woman who got into her own machine and drove away saying she would go to her own physician to have her injuries treated.

SOCIETY

Conceded to have been one of the most attractive parties of recent date, was that given by Mrs. Frank Duschinski at her pretty home on Officers street this afternoon in honor of Mrs. John C. Merrie of Cleveland, guest of Mrs. Anne Rice. Mrs. Merrie will be pleasantly remembered as Miss Irene Pugh of this city. Happy informal, marked the reception period, after which guests found their places at small tables and several interesting games of "Michigan" were enjoyed. HAS HE FOUND A CURE FOR ASTHMA?

Simple Prescription Gives Instant Relief, Makes Breathing Easy. In New England, where Bronchial Asthma, Bronchitis and other diseases of the throat and lungs are so prevalent, remarkably successful results are being reported following the use of a new form of treatment known as Oxidaze, a physician's prescription. Oxidaze is a harmless but powerful combination of curative essential oils concentrated and compressed into a small tablet. One of these tablets slowly dissolved before going to bed seems to have the effect of releasing the muscular constriction of the bronchial tubes, opening up the air passages and regulating spasmodic lung action. This enables the patient to breathe easily and naturally while lying down and to get a comfortable night's sleep.

So much interest has been shown that local druggists, including Webster Brothers and Fisher & Strick, have secured a small supply and state that they are authorized to refund the money paid for the first package if in any case this new treatment fails to give instant relief. Oxidaze is pleasant to take, contains no harmful habit forming drugs and is not expensive. This makes their test an easy matter. Advertisement.

With this very constipating diet—yet no constipation

Under the supervision of a leading scientist a remarkable feeding experiment was made. For one whole month men and women were given eggs, milk, cheese—all constipating foods—and yet they did not suffer from constipation because they added Fleischmann's Yeast to their diet.

When they ate the same constipating diet without Fleischmann's Yeast all four were constipated.

Thousands of men and women all over the country have found that eating Fleischmann's Yeast daily gives them normal and regular elimination. Fresh yeast is rich in the elements which increase the action of the intestines and keep the body clean of poisons.

Add 2 cakes of Fleischmann's Yeast to your own daily diet. You'll soon find that laxatives are unnecessary. Be sure it's Fleischmann's Yeast—the familiar tin-foil package with the yellow label. Place a standing order with your grocer.

THIN, FADED HAIR NEEDS "DANDERINE" TO THICKEN IT

35 cents buys a bottle of "Danderine." Within ten minutes after the first application, you cannot find a single trace of a strand of thin, faded hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates them, helping them to grow long, thick and luxuriant.

Girls! Girls! Don't let your hair stay lifeless, colorless, thin, scraggy. A single application of delightful Danderine will double the beauty and radiance of your hair and make it look twice as abundant.—advertisement.

One of Your Readers—Are you sure you had the right address when you sent your money away. I took a subscription for the same magazine from a little girl and have been getting it regularly ever since. I would advise you to register the next letter you send them and request a return card so you will know that they got it. Tell them just what you have told me and I think you will get an answer.

Truthful—Perhaps your mother's illness is only temporary. Such things often happen, and they get all right again. However, if I were you I would mention it to the girl. You can do so in an offhand way without letting her know you have any serious intentions and see how she takes it. It would be better to do this before you go any farther and it won't hurt you so much if she does as you suspect. If you would not expect her to live at your house I shouldn't think it would make any difference to her.

Discouraged Betty—If you will let me know your name and address and what church you attend I will see that you meet some of the members. I think you are lonely because you do not meet people half way. If you have been in Portsmouth four years and have been attending church and Sunday school regularly, you should have a wide acquaintance by this time. Why not join the Girls Community Club, and get interested in its various activities. If you will push yourself a little, you will soon become acquainted with lots of people and have a jolly good time.

Franklin Furnace—Dear Dolly—Please print a good way to make fudge candy.

THANKS TO YOU.

Dear Dolly—The bowl to our coal stove is cracked, is there a cement that we could get to mend it. What's the name and where. We were told there was a cement to mend it.

Wood ashes and common salt, made compact with water, will stop the cracks of a stove. I imagine a cement made of fire clay would answer the purpose, too.

DOES LAUNDRY WORK AND HOUSEWORK TOO

Surprised to Find Herself Feeling So Well

Taunton, Mass.—"I used to have pains in my back and legs so badly, with other troubles that women sometimes have, that my doctor ordered me to stay in bed a week in every month. It didn't do me much good, so one day after talking with a friend who took Lydia E. Pinkham's Vegetable Compound for about the same troubles I had, I thought I would try it also. I find that I can work in the laundry all through the time, and do my housework, too. Last month I was so surprised at myself to be up and around and feeling so good while before I used to feel completely lifeless. I have told some of the girls who work with me, and have such troubles to try Lydia E. Pinkham's Vegetable Compound, and I tell them how it has helped me. You can use my testimony for the good of others."—Mrs. BLANCH SILVER, 69 Grant St., Taunton, Mass.

It's the same story—one friend telling another of the value of Lydia E. Pinkham's Vegetable Compound.

ALBION Z. BLAIR, JR., DENIED LICENSE TO PRACTICE LAW; CHARGES ARE MADE

Rumors and gossip concerning alleged irregularities in the attempt of Albion Z. Blair, Jr., to become a duly accredited attorney under the laws of Ohio, which have been circulating in this community for some time, took concrete form in Columbus last night, when the Ohio Supreme court gave publicly to the fact that young Blair had been denied a license to practice law in this state, owing to alleged misrepresentation concerning his educational attainments. The essence of the charges, which were investigated through the Portsmouth bar association, is that the application of young Blair stated he was a graduate of the West Union High School, when as a matter of fact, it is charged, he was not only never graduated from the school, but never attended the high school.

The complete details of the case, as carried in today's Cincinnati Enquirer are as follows:

Columbus, Ohio, January 19.—Wings of a fledgling attorney were clipped today by the Ohio Supreme Court as he was about to fly.

The victim, in a case highly unusual in the records of the Buckeye tribunal, is Albion Z. Blair, Jr., of Portsmouth, son of former Judge Albion Z. Blair, Sr., of Scioto County, star orator for the Anti-Saloon League and lecturer, who gained fame 12 years ago when he disfranchised hundreds of Adams County voters for having bartered their votes.

The reason stated for the refusal to grant to the young man, about to enter majority, a license to practice law in Ohio is that he attempted to enter upon improper credentials, obtained through an attorney in Judge Blair's law office.

Young Blair, it appears, almost obtained his coveted admission to the bar, but was stopped when he was held up suddenly for further examination late in 1921.

Father Sponsor for Son

The young man's sponsor as a law student is his father, by whose certificate, on his professional honor, it is asserted, the young man began the study of law in his office November 14, 1918, and that he was "of good moral character." The original investigation was begun on protests from Portsmouth.

There were other charges against the young man, but a committee from the Scioto County Bar Association ignored them then as not being established.

Records of the Supreme Court today show the following documents:

"Registration No. 15212. Albion Z. Blair, Jr., Portsmouth, Ohio.

"First application receipt No. 5681.

"Memoranda: January 17, 1922.

The court ordered that the examination of applicant be canceled and the certificate of general learning be withdrawn from the files, and ordered to be held in custody of the Clerk of Court, Johnson, Jr.

The Justice Johnson is James G. Johnson, acting Chief Justice in matters outside the hearing room, by action of the majority.

Other documents in the case are addressed to Chief Justice C. T. Marshall, regularly elected.

Records Explain Case

Why the entry was made is to be found by delving deeper into the records. They contain the following:

"Columbus, Ohio, December 23, 1921.

"To the Honorable Supreme Court of Ohio:

"The undersigned, your commission, appointed to assist in the examination of applicants for admission to the bar, begs leave to submit the following report:

"We have examined carefully the applicant whose certificate was submitted by you to us, and find: at the following applicant, Albion Z. Blair, Jr., has the average grade of 80 per cent, which would entitle him to admission to the bar under the rules, but owing to the fact that certain information has come to our knowledge, we submit to you herewith, this information that you may deal with the situation as you think the circumstances warrant.

"Jed B. Bibbee, Chairman; M. O. Burns, W. F. Kistler, George C. Siroth."

There is on file a certificate showing that young Blair was graduated from the West Union High School. That certificate is as follows:

"West Union Village Schools, April 6, 1921.

"This is to certify that Albion Z. Blair, Jr., is a graduate of the West Union High School, a high school of the first grade, with the following grades: Clem H. Nixon, Superintendent."

School Credits Involved

Then are shown credits amounting to 16 units for Latin, commercial arithmetic, plane and solid geometry, American and English history, civics, physics, physical geography, commercial law, literature and rhetoric.

A report by the Executive Committee of the Scioto Bar Association is on file. It mentions two charges against the young man, and says that they will be ignored, inasmuch as the Scioto county grand jury has ignored them. It is addressed to Mr. Marshall, as Chief Justice. Then it continued:

"We enclose herewith the statement of Frank L. Sikes, marked 'B' relating to the certificate of graduation from the West Union High School presented to the Examination Committee by Albion Z. Blair, Jr."

"Our finding is that Albion Z. Blair, Jr., is not a graduate of the West Union High School. By Section 7656 of the General Code a diploma of graduation may be granted only by the Board of Education."

"We further find that Albion Z. Blair, Jr., never attended the High School at West Union."

"The certificate filed was obtained by W. L. Hostetter, a lawyer who occupies part of the office of Albion Z. Blair, Sr."

"Mr. Hostetter became a resident of Portsmouth, Ohio, in the spring of 1921, having resided theretofore in West Union, Ohio."

Qualifications Are Doubtful

"We have no means of ascertaining whether or not Albion Z. Blair, Jr., has the educational qualifications required by the rules of the Supreme Court to admit a student to the examination, but from the best information obtainable we do not believe that he possesses such qualifications."

"Albion Z. Blair, Sr., stated to Harry W. Miller, one of the members of this committee, this date, in discussing the educational qualifications of his said son, that he himself had tutored his son, Albion Z. Blair, Jr., in all of the branches stated in the certificate, except in Latin, and that he (Albion Z. Blair, Sr.) was qualified to do so, and that W. L. Hostetter, who was qualified thoroughly, tutored the boy in Latin."

"The committee cannot understand how Mr. Hostetter could have tutored the boy in Latin, as stated, in view of Hostetter's short residence in this city. We have made no investigation to ascertain the whereabouts of Albion Z. Blair, Jr., during the period of presumably four years, during which

his father claims to have been acting as his tutor.

"His record as a soldier would shed light on it."

"We call attention of the Court to Section 12063, General Code, which provides for a penalty for making falsely a certificate authorized by law."

"Respectfully submitted, Arthur H. Hanson, Harry W. Miller, J. T. Mickelthwait, Executive Committee of the Portsmouth Bar Association."

There is enclosed a letter from Frank L. Sikes, a school official, who says that Mr. Nixon was unaware that he was making a false certificate, but that he had been induced by Mr. Hostetter to do it. He says that the certificate is "wholly false" in that young Blair did not attend the high school at West Union.

There are no records of certificates prior to 1914. Moreover, a search of school attendance records discloses that he never attended the schools.

Now In Hands of Supreme Court

A member of the executive committee of the Portsmouth Bar Association commenting upon the charges made in connection with the denial of the license of Albion Z. Blair, Jr., to practice law, Thursday said that the matter was still in the hands of the supreme court and that there will be no further investigation or action taken by the committee or the bar association at least until some request is made by the court. It was stated that if the supreme court determines that a fraud has been perpetrated upon it, that tribunal may take action to punish the guilty parties or it may be referred to the local bar association to be dealt with.

When asked for his version of the affair Attorney Hostetter issued the following brief statement:

"I have had no connection with the matter other than what at the time I considered perfectly honorable. If it has turned out otherwise it was certainly through error."

Judge Blair is in Columbus on business and The Times made repeated attempts to locate Albion Blair, Jr., today, but was unsuccessful.

Great Rejoicing by Rheumatic Victim

If So Crippled You Can't Use Arms or Legs Rheuma Will Help You or Nothing to Pay

If there are any rheumatic sufferers who have not availed themselves of this generous offer they should do so at once.

If Rheuma, the guaranteed prescription for rheumatism in any form, does not give quick and blessed relief the cost, small as it is, will be gladly returned without any quibbling or red tape.

Rheumatism is a dangerous disease, and anyone who has the slightest sign of it should drive it from the system as quickly as possible. This is what Rheuma did for many. It should do as much for you.

"I have been laid up for one year with chronic arthritis," says one sufferer, "and had doctors prescribe two spent four months in a sanitarium, but had practically no relief. Then I started taking Rheuma. Now I can go without crutches or other aid, which I could not do for the last nine months. I highly recommend it and would gladly answer any question on receipt of stamp for postage."

Thomas H. Eddy, Schuylerville, N. Y. Rheuma is absolutely harmless and thoroughly reliable because it is one disease that has forced rheumatism to yield and disappear. It is recommended and sold on the no-cure-no-pay plan by Worcester Brand and good druggists everywhere. — Advertisement.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion

Doubtless if you are a sufferer from indigestion, you have already tried pepsin, pancreatin, charcoal, drugs and various digestive aids and you know these things will not cure your trouble—in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little Bismarcked Magnesia—not the ordinary commercial carbonate, citrate, or milk, but the pure Bismarcked Magnesia which you can obtain from practically any druggist in either powdered or tablet form.

Take a tablespoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat.

You will find that provided you take a little Bismarcked Magnesia immediately after a meal you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover, the continued use of the Bismarcked Magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.—Advertisement.

Hot Tea Breaks A Cold—Try This

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of this Hamburg tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoonful at any time. It is inexpensive and entirely vegetable, therefore harmless.—Advertisement.

The STEP on the STAIRS

by ISABEL STRANDER

BEGIN HERE TODAY
A revolver followed by a shot fired from below. "Are you quite sure, Miss Shaw?" "I am sure that I heard nothing that sounded at the time like a shot," her voice trembled a little. "At least, it did not occur to me that a shot had been fired. There were several sharp, crashing peals of thunder before the storm passed. After that I heard rather loud knocking upon some door below, but I did not think anything of it, and I must have fallen into a doze when someone rapped upon my own door. It was a policeman, and he told me what had happened. At first I was horror-stricken, I—I can scarcely remember what I said or did."

"I am—the only woman tenant in the building besides Mrs. Vane and I suppose I must have been hysterical but it came to me that she might perhaps have been only wounded in some accidental fashion, that she might need the services of another woman. I dressed as you see me now and descended to find the detectives there and all the other tenants except the old Russian gentleman who has the apartment below me, and a police doctor of some sort."

"She paused and Craig prompted her. 'You saw the body also?' Miss Shaw inclined her head and seemed for the moment unable to continue. When she spoke it was in a low, shaking voice scarcely above a whisper. 'Yes, she—I—I saw at a glance somehow that it must be true, but I couldn't help going to her and touching her hand.'"

With a sign to Sergeant Craig, Barry intervened in a soothingly sympathetic tone. "You knew Mrs. Vane?" "Not in a formal sense. We had smiled at each other and nodded when we happened to meet on the stairs."

There was a little catch in her breath and then she hurried on: "I was interested enough to go to one or two of the spring exhibitions which contained specimens of her work. I—I admired her and I was curious to see her studio, although I am not a busy-body, as a rule. One day about three weeks ago I was passing her door just as it opened and one of her patrons came out; the lady whose portrait is there now in the studio."

"You mean the one on the easel, the lady standing on the staircase?" asked Barry quickly. "All right, I got you," Craig led the way to the door. "It's past midnight now and I guess we'll start with the footsteps had approached very close to the door when Craig knocked almost at once the bundle turned out to be a young woman, colorless face, pale lips and clipped short she seemed to be a girl at first glance, but closer inspection revealed faint but mature features and a certain poise in spite of obvious agitation that indicated a woman nearer 30 than 20."

"We're from police headquarters," "am," Craig cleared his throat. "Come in." Her voice was quiet and controlled, but Barry observed that in her thin cheeks, twitched fully. She threw the door wide, revealing a living room barely furnished with a few rugs upon the floor, painted and the ugly, straight lines of a dull fumed-oak mission table and a chair. "You are Miss Shaw?" asked Craig, stating himself gingerly upon the edge of a chair.

"Patricia Shaw, although I occasionally sign my articles 'Patsy'." The young woman nodded. "I write for the magazines, you know. I have lived here four years next October, I am 27 years old, and I came originally from Manhattan."

"I have no relatives in New York that I know of, but the editors of several magazines published in the neighborhood can vouch for me, and the agent of this building." "You stated that you did not hear

anything, if by any chance you know what the name was. The conversation was the inconsequential one of two women, strangers yet neighbors."

"When did you see her again?" Barry persisted. "Did she call upon you in return, Miss Shaw?"

"No, I didn't ask her," the young woman responded with a note of dogged defiance in her tones. "I was ashamed to do so. You've seen her apartment; look about you here. Four years of failure, heartbreak, taken away all my pride and self-respect and I couldn't endure the thought of having her see this!"

The pale oval of her face flamed over in shadow, and then as suddenly her color faded and she added, her voice sunk once more almost to a whisper:

"I encountered Mrs. Vane once or twice in the vestibule after that and we greeted each other pleasantly, but we did not hold any conversation until tonight when I went down and saw her lying there dead. That is all that I can tell you, gentlemen."

With a swift glance at Craig, Barry rose but made no move toward the door.

"When was the last time you saw Mrs. Vane alive, Miss Shaw?" "One afternoon last week, Thursday, I think. She was entering her studio as I came down the stairs and she did not see me."

"Are you acquainted with any of the other tenants in the house?" Barry's abrupt change of topic evidently astonished her but she drew herself up and responded coldly:

"I am not." "Was Mrs. Vane?" The question came with almost startling suddenness. "I do not know. I have no reason to think so, and as I have told you, I am not a busy-body."

"Very well, I don't think we'll trouble the lady any further tonight, shall we, Sergeant Craig?" Barry turned formally toward his conference who shook his head dumbly.

Miss Shaw opened her lips to speak, hesitated as though she had thought better of it and preceded them with dignity to the door.

"Goodnight, gentlemen." There was just the slightest shade of pause before the last word which lent irony, and the door closed with emphasis behind them.

"That was one of the things I wanted to find out," he responded. "The professor's light is out and we'll let him rest, but I'll just slip this note under his door. If you want me to see this case through with you, unofficially, Bob, I think we can use him in his own line, chemistry, tomorrow, with a little porch-climbing thrown in."

Sergeant Craig started as his fellow detective scribbled a few words on a page of his note book, tore it out and folding it, thrust it under the darkened door. Then he asked tully:

"Where do we go from here, John? The chief may have put this affair into my hands, but I'm glad enough to pass the buck to you."

Home-made, but Has No Equal For Coughs
Makes a family supply of really dependable cough medicine. Easy to prepare, and saves about \$2.

If you have a severe cough or chest cold, accompanied with soreness, throat tickle, hoarseness, or difficult breathing, or if your child wakes up during the night with cough and you want quick help, try this reliable and home-made cough remedy. Any drug store can supply you with 2½ ounces of Pines. Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This recipe makes a pint of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membrane that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing. Pines is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds.

There are many worthless imitations of this mixture. To avoid disappointment, ask for "2½ ounces of Pines" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pines Co., Ft. Wayne, Ind.

APPROPRIATION ORDINANCE PASSED BY COUNCIL PROVIDES FOR ADDITIONAL POLICE AND STREET CLEANING FORCE

The semi-annual appropriation ordinance carrying with it appropriations of more than \$236,000 to pay the expenses of running the city for the first half of the year 1922, as reported by the Finance Committee, was passed by Council by a unanimous vote at its regular meeting Wednesday night.

The ordinance provides for the maintenance of the police department, which will increase the force from twelve, including the Chief and Municipal Court bailiff, to a strength of eighteen, besides, twenty additional street lights are included in the program as well as an increased appropriation for street cleaning.

The Finance Committee in submitting the ordinance for consideration, in a written communication read by Chairman George M. Osborn pointed to the healthy condition of city finances as compared with other Ohio cities and expressing the opinion that the operating expenses of the city can be kept within its income at a reasonable rate of taxation upon fair valuation of property. In short, the report is a complete and comprehensive statement of the condition of the various city funds and also contains many splendid and valuable recommendations. The communication in full follows:

Portsmouth, O., Jan. 18, 1922

To the City Council of Portsmouth, Ohio.

Your finance committee submits herewith for your consideration a semi-annual appropriation ordinance for the first half of the year, 1922.

In the preparation of this ordinance your committee has considered the determinable revenues of the city from taxation together with its estimated income from other sources as determined by reference to the records of former years and conference with the executive officials of the city to determine the total amount probably available for each department of public service.

In fixing the several sums appropriated under the several heads and sub-heads, as required by the state bureau of inspection, your committee has had before it the budgets submitted by the several departments and boards and also the officials of such departments and boards in person.

The committee has deemed its duty to be to make such distribution of the available income as yielded by the several rates of taxation and estimated receipts from miscellaneous sources as will best conserve the interests of the public within that income.

We believe that present conditions imperatively demand better police protection and have therefore made provision for six additional patrolmen for the police department and twenty additional street lights.

We also call your attention to the increased appropriation for street cleaning.

Many of the items of this ordinance are fixed by the statutes of the state, the ordinances of the city and regulations of the several boards and commissions created by statute, and are mandatory and not within the discretion of the committee or the council.

The committee is pleased to report the healthy condition of the finances of the city as compared with that of a large majority of the municipalities of the state, and that all funds with the possible exception of the safety fund are in fairly good condition. It believes that under the present careful management of the safety department that the deficit in its fund may be materially reduced and possibly entirely extinguished during the present administration, and that the operating expenses of the city can be kept within its income at a reasonable rate of taxation upon fair valuation of property.

Appreciating the necessity of extensive improvements in the near future, especially in the way of sewer construction, we recommend your most careful consideration of all propositions for substantial public improvements and of all legislation proposed for that purpose. In this connection the cemetery requirements of the city need early attention as noted by the mayor in his annual message, and it is probable that legislation for financing the proposition will be necessary.

This committee further recommends to the several committees of council

and the heads of the several departments and boards that their recommendations to council involving additional appropriations, be made only after full investigation of the financial condition of the fund from which the appropriation must be made and the necessity for such appropriation.

Following is a summarized statement of the several funds for the semi-annual period. The figures given are approximate only. The balances given as of January 1 include the advance draws of taxes made in December 1921

with outstanding indebtedness deducted. It will be noted that it will be necessary to include an advance draw of taxes in June for the safety, service and hospital funds, and the anticipation of the issuance of certificates of indebtedness for the hospital fund. Upon the recommendation of the director, liberal appropriation has been made for the hospital fund in order to provide for possible emergency and it is thought under ordinary conditions the issuance of certificates of indebtedness will not be required.

An ordinance was passed creating the position as clerk to the city treasurer at a salary of \$900 a year in order to handle the additional work in the treasurer's office by reason of that official having to assume the duties as treasurer of the city board of education under a new law. An ordinance was also passed increasing the salary of the clerk to the auditor from \$600 to \$900 a year.

Chairman Kountz of the Railroad Committee, reported in respect to the N. & W. providing watchmen or safety appliances at all railroad crossings in the city and already provided with this protection, that Superintendent H. C. Weller had advised that the matter is now before the Safety Department and promised he would do everything in his power to see that some immediate relief is afforded.

An ordinance was presented providing for the governing and protection of the water works and to inflict penal-

ties for violations. It was referred to the Water Committee.

An estimate of \$475 for constructing a sidewalk along the north side of Tracy street on Fifth street was read and referred to the service department for action. A discussion of the sidewalk problem led Member Westphal to suggest that a \$10,000 bond issue be authorized to provide the necessary funds to build sidewalks where property owners refuse and then charge the cost back against the property in order that it may be collected as taxes.

Director Gergens advised that the C. & O. owes the city the sum of \$460 for wharfage fees for the year 1921 but that the company had refused to pay unless the river grade leading to the lower ferry is repaired. Member Westphal declared that he was tired of every creditor of the city making threats to hold up money due unless such or such a thing was done and he asserted that it was time to call a halt. On his motion the claim was referred to the solicitor for collection.

Director Gergens called attention to a dangerous condition to pedestrians, especially to school children, caused by the narrow roadway over a fill crossing Russ Run in Solonville and suggested the construction of a wooden sidewalk at an estimated cost of \$400 which, it was pointed out, would give relief. The matter was referred to the street committee and service director with power to act.

An ordinance was passed granting Carl Schuler authority to move in dwelling which he has purchased from the Jewish congregation at Eighth and Gay streets to Eighth and John streets on the payment of the usual permit fee of \$75.

Deer on Munn's Run was read and referred to the street committee.

Attorney E. G. Miller appeared and made objection for the property owners to include the cost of laying water mains in the assessment for the paving of Fourth street in the Maddox addition, branding it as unfair. He was reminded that this was done under the instant demand and agreement of the original owners because they were anxious to have the water service installed. No action was taken on the matter.

Director Gergens advised that he had been informed by Greedy and Hanson, Chicago sanitary engineers, that their sanitary survey of the city has been completed and that they will be here on January 30 to make a report. At the request of the director Council adjourned to meet at that time to receive the report.

IRONTON, O., January 19.—The home of Turkey Tiller, who was fined \$30.00 and costs by the Mayor Tuesday on a drunk and disorderly charge, was visited yesterday by Deputy Sheriff Wilson and Mannion and a search of the grounds disclosed a half barrel of mash hid among refuse in the yard. About seven o'clock last evening the officers again went to the home and searched the house, locating an eight gallon still in operation on the second floor.

For Your Back and Kidneys

You Will Have Vigorous Vitality If You Follow This Advice

Columbus, Ohio.—Dr. Pierce's Anuric (kidney and backache) Tablets are the best medicine I have ever taken for kidney disorders. My kidneys were congested and inactive, my back ached and was so sore I could not bear to touch it. In addition to my kidneys hurting, my bladder was very weak. I wrote to Dr. Pierce for advice and upon his advice I took the Anuric Tablets and the result was wonderful. I had taken Anuric only a very short time when I was rid of all my bladder weakness and my kidneys became active and normal. I do not suffer any more with my back. I would advise those who suffer with any kidney disorder or bladder trouble to take "Anuric" without delay."—Monford Slagle, 437 W. Rich St.

Sunday School Teacher Surprised
Miss Jennie Jones, teacher of a class of young women, "The King's Daughters," was pleasantly surprised Tuesday evening when fourteen members of her class walked in on her unannounced. Miss Jones, who is also a teacher of music, was expecting one of her pupils, George Wm. Evans, for a lesson on the piano, and hearing a noise at the door, called "Come in, Billie." Laden with baskets, the crowd took her at her word and trooped in. To use her own expression, she was "completely flabbergasted."

As a token of her faithful and loyal to the M. E. church, and her untiring efforts in church work, the class presented her with a beautiful camera, several rolls of film and a snapshot album. An evening of music and fun followed. Later on boxes and baskets were opened and an appetizing lunch enjoyed. The repast consisted of chicken and pickled tongue sandwiches, beef loaf, deviled eggs, potato salad, pickles, angel food cake and dark cake. Those enjoying the evening were Mrs. T. E. Ridgeway, Mrs. J. V. Queen, Mrs. P. O. Wagner, Mrs. R. C. Lawrence, Mrs. Frank Steinhilber, Mrs. P. J. Potts, Mrs. Cecil Whitte, Mrs. Fred Elless, Mrs. Mestyn Jones, Mrs. Harvey McGowan, Mrs. Dan Herliot, Misses Dorcas Jones, Jessie Lambert and the guest of honor, Miss Jennie Jones.

Miss Edna Addis was a delightful hostess to a few of her girl friends last Monday evening. Music and games were the chief entertainments of the evening. Refreshments were served to the following young ladies: Misses Mary E. Shadrach, Mary Gladys Morgan, Vivian Stenshorn, Nova Quick, Edith Addis and the hostess.

Any breaking out of the skin on face, neck, arms or body is overcome quickly by applying Mentho-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist.

Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Mentho-Sulphur and use it like cold cream.—Advertisement.

Sunday School Teacher Surprised
Miss Jennie Jones, teacher of a class of young women, "The King's Daughters," was pleasantly surprised Tuesday evening when fourteen members of her class walked in on her unannounced. Miss Jones, who is also a teacher of music, was expecting one of her pupils, George Wm. Evans, for a lesson on the piano, and hearing a noise at the door, called "Come in, Billie." Laden with baskets, the crowd took her at her word and trooped in. To use her own expression, she was "completely flabbergasted."

As a token of her faithful and loyal to the M. E. church, and her untiring efforts in church work, the class presented her with a beautiful camera, several rolls of film and a snapshot album. An evening of music and fun followed. Later on boxes and baskets were opened and an appetizing lunch enjoyed. The repast consisted of chicken and pickled tongue sandwiches, beef loaf, deviled eggs, potato salad, pickles, angel food cake and dark cake. Those enjoying the evening were Mrs. T. E. Ridgeway, Mrs. J. V. Queen, Mrs. P. O. Wagner, Mrs. R. C. Lawrence, Mrs. Frank Steinhilber, Mrs. P. J. Potts, Mrs. Cecil Whitte, Mrs. Fred Elless, Mrs. Mestyn Jones, Mrs. Harvey McGowan, Mrs. Dan Herliot, Misses Dorcas Jones, Jessie Lambert and the guest of honor, Miss Jennie Jones.

Miss Edna Addis was a delightful hostess to a few of her girl friends last Monday evening. Music and games were the chief entertainments of the evening. Refreshments were served to the following young ladies: Misses Mary E. Shadrach, Mary Gladys Morgan, Vivian Stenshorn, Nova Quick, Edith Addis and the hostess.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home which is messy and troublesome.

Nowadays we simply ask at any drug store for "Weyl's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients at a very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

WORN-OUT TIRED WOMEN

Mrs. Trotter Says She Recovered Her Strength And Vitality By Taking Vinol

MRS. E. TROTTER

Toronto, Ont.—"I was weak, run-down and nervous, I had dizzy spells and an ambition to do anything. I saw Vinol advertised and tried it. In about one week I felt better, and it built me up and restored my strength. I want to recommend Vinol to other women who are weak, nervous and run-down."

There are hundreds of women in this vicinity who are in just such a condition as Mrs. Trotter was before she took Vinol. If such women would only realize that in a natural manner Vinol creates a hearty appetite, aids digestion, makes rich, red blood, quickens the circulation, and strengthens every organ and muscle of the body, we would not be able to supply the demand, \$1.00 per bottle guaranteed.—Advertisement.

Local Teams To Enter Tournament

Portsmouth will be well represented at the State Bowling Tournament to be held at Eddie Gettross's alleys in Columbus in February, three local teams having already signified their intention of entering in the tournament. Two all-star teams from the Masonic league and a Crystal Palace five will be in the tournament and are confident of pulling down some of the prize money.

Clarence "Bud" Walters, will captain the first Masonic team. The other bowlers on this team are Frank W. Sheridan, Earl Reinhard, Ed. V. Leach and George Patton. The five members for the second team will be chosen from Jess Roberts, Clarence Nodder, Hugh Higgins, R. L. York, George Wilhelm and Dr. P. W. Young.

The Crystal Palace five will be composed of Fredrick, Bauer, Smith, Aldrich and Buttrum.

Russell Difference

It makes no difference how hard Russell (K.) tries it can't send a team here to beat the Crystal Palace five. Three times this season the Kentuckians have tried and three times they have failed. Every man on the local team rolled over 500 last night, while only one of the visitors was able to go over. He was J. Smith, anchor man for his team, and his total of 540 was the best of the match.

Up To Commission

CLEVELAND, O., Jan. 19.—No more will promoters or managers of boxers name the referees to officiate in bouts here. All referees will be appointed by the Cleveland boxing commission and will be held accountable to that body for the way the bouts are conducted, according to an unofficial announcement.

Although revision of the boxing code has not been completed, it also was learned that when the ban on professional bouts is lifted, all boxers will be compelled to post cash forfeits large enough to cover expenses of the exhibitions in which they participate.

Maximum admission prices of \$1 for amateur and \$3 for professional bouts have been definitely fixed. The scale probably will be augmented in the case of a championship event.

Well, Let's Hear From Bingville

Local fans sincerely hope that Iron-ton will unearth a boy who will be willing to take on Nig Blair. Iron-ton has a number of good boxers and the fight promoters would like to hear from two or three of them for the next preliminaries. These matches would draw a whole crowd.

Women To Have Own Golf Course

NEW YORK, Jan. 19.—Women golf devotees here have launched the organization of a club and acquired an option on a site on which women only will be permitted to play.

It has long been the custom on club courses throughout the country for female golfers to give men players full swing and right of way on Saturdays, Sundays and holidays. It was a desire to get away from this restriction that prompted organization of a club for women exclusively.

TODAY'S SPORT ANGLE

It is almost a certainty that at the February meeting of the two major leagues the rule governing barnstorming will be changed.

The rule as it is now worded prevents any player in either of the teams that engages in the big series from barnstorming.

Because Babe Ruth defied this rule and played some bush games after the close of the big series he stands suspended until May 20.

The public and the club owners are to be the losers. The New York club will be the principal sufferer. Not only will it suffer financially but the playing strength of the club will also be seriously affected by the absence of Ruth.

It has been generally agreed that the rule is all wrong. That neither club as a team should barnstorm is liable to be defeated, and to have a world champion team knocked off by some small town club certainly wouldn't add any prestige to the event.

However, it seems unfair to say that an individual cannot take part in a ball game after the series is over. It is practically assured that the rule will be changed. It will still prohibit the teams from playing, but will give the individual that right if he so desires.

American League club owners are hopeful that such a change will give Judge Landis a loop-hole for easing up on the Ruth sentence. Under the conditions there was nothing left for the judge to do other than inflict a severe penalty. He did. Now if the managers say the rule was all wrong, it will give the judge a chance to take a similar view of the penalty inflicted.

Just Chatter

MANY of the things that happen in baseball are impossible of explanation.

One of the difficult things to explain is the case with which some pitchers defeat certain teams, yet against weaker aggregations they are very unsuccessful.

This fact was forcibly brought to my attention last spring. Ed Rommel of the Athletics was the pitcher to play the leading role. I regard Ed Rommel as a mighty fine pitcher. He has the stuff and pitches intelligently.

No club in the American League boasted of more hitting strength than the New York Yankees last season. A pitcher able to stop the Yanks was usually forced to turn in a high grade of pitching.

During the first month of the American League race, Rommel scored three wins over the Yanks. He looked like the real pitcher. He was in every game. The Yankees were going at top speed in the spring, making it a tough job for any pitcher to stop them.

Now for the funny part of it. In the first month Rommel made a number of starts against the other clubs in the eastern wheel of the American League circuit. Boston, Washington and Philadelphia all lack the punch of the Yankees.

During the first month of play Rommel was unable to win a single game other than the three scored over the Yankees. Worse yet, he failed to get by the first inning against any other club he faced. It was a case of the hook and the showers for Ed almost before the announcer had finished his duties of letting the fans in on the batteries for the day.

"Red" Faber was the pitching sensation of the American League last year. In the spring he was the victim of a very unusual happening. In one week he twice shut out the Cleveland team, the world champions of 1921. In between the two shutouts, in which he allowed only two hits, Detroit knocked him out of the box in the first inning. The first five men to face him hit safely.

Acosta, the Cuban pitcher who has been traded by Washington to Philadelphia, was much used as a relief pitcher last year. Acosta, with his slow curve and change of pace, usually met with much success in the role of rescuer.

Against the Cleveland club Acosta was a wonder. He always made trouble for the Indians. When pitching against Chicago, not nearly so strong a club, Acosta couldn't get the side out.

In a game at Washington last year, Cleveland got to Jim Shaw for seven runs in the first inning. Acosta was sent in as relief pitcher. He held Cleveland scoreless the rest of the game, stopping the Indians cold in the midst of a slugfest. Washington won the game, 9 to 7.

It is impossible to offer a solution for such things. They just happen.

American League club owners are hopeful that such a change will give Judge Landis a loop-hole for easing up on the Ruth sentence. Under the conditions there was nothing left for the judge to do other than inflict a severe penalty. He did. Now if the managers say the rule was all wrong, it will give the judge a chance to take a similar view of the penalty inflicted.

Just Chatter

MANY of the things that happen in baseball are impossible of explanation.

One of the difficult things to explain is the case with which some pitchers defeat certain teams, yet against weaker aggregations they are very unsuccessful.

This fact was forcibly brought to my attention last spring. Ed Rommel of the Athletics was the pitcher to play the leading role. I regard Ed Rommel as a mighty fine pitcher. He has the stuff and pitches intelligently.

No club in the American League boasted of more hitting strength than the New York Yankees last season. A pitcher able to stop the Yanks was usually forced to turn in a high grade of pitching.

During the first month of the American League race, Rommel scored three wins over the Yanks. He looked like the real pitcher. He was in every game. The Yankees were going at top speed in the spring, making it a tough job for any pitcher to stop them.

Now for the funny part of it. In the first month Rommel made a number of starts against the other clubs in the eastern wheel of the American League circuit. Boston, Washington and Philadelphia all lack the punch of the Yankees.

During the first month of play Rommel was unable to win a single game other than the three scored over the Yankees. Worse yet, he failed to get by the first inning against any other club he faced. It was a case of the hook and the showers for Ed almost before the announcer had finished his duties of letting the fans in on the batteries for the day.

"Red" Faber was the pitching sensation of the American League last year. In the spring he was the victim of a very unusual happening. In one week he twice shut out the Cleveland team, the world champions of 1921. In between the two shutouts, in which he allowed only two hits, Detroit knocked him out of the box in the first inning. The first five men to face him hit safely.

Acosta, the Cuban pitcher who has been traded by Washington to Philadelphia, was much used as a relief pitcher last year. Acosta, with his slow curve and change of pace, usually met with much success in the role of rescuer.

Against the Cleveland club Acosta was a wonder. He always made trouble for the Indians. When pitching against Chicago, not nearly so strong a club, Acosta couldn't get the side out.

In a game at Washington last year, Cleveland got to Jim Shaw for seven runs in the first inning. Acosta was sent in as relief pitcher. He held Cleveland scoreless the rest of the game, stopping the Indians cold in the midst of a slugfest. Washington won the game, 9 to 7.

It is impossible to offer a solution for such things. They just happen.

Games This Week
Thursday: Bankers vs. Battery B at high school; Court House vs. First Presbyterian at Moose hall, umpire Dr. Wikoff.
Friday: Ministers vs. Trinity Cubs at Moose hall, umpire Carl P. Bauer.

The United Brethren, in new uniform of orange and black, went to last night, and took the odd game from the Trinity Cubs 21-17. 21-15 and 20-21. The U. B. were right there with the goods, all the team members playing a good game. Captain Prosch was the star, playing a great field game both at net and backfield. Orville Morris did good work at net, killing some nice ones, while Schusky made several nice runs at serve.

The Cubs, after losing the first two, showed they were a fighting bunch, and came back strong in the third. This showed they were as good a killer as Thurman and made us many kills. Horr started at field work, and Dr. Wikoff practically won the game by making a serve of 10.

United Brethren: Marion Prosch captain, Reinhardt, Southworth, Bruce Morris, Schusky.
Trinity Cubs: Dr. Rapp captain, Donaldson, Horr, Wikoff, Mickelwaite, Tugle.

Games Next Week
Thursday: Standard Supply vs. Tims at Parish House.
Friday: N. and W. vs. Burrheads at Parish House.
Saturday: Severn Six vs. Underwoods at 1:30 at Parish House.

Games that were some sizzlers were staged last night between the Cleaners and the Severn Six. The first was a nerve racker. The lead changed seven times, from one team to the other up to 20-20. The Severn Six had the ball, but fielded it into the net. The Cleaners took it, and made point and game 21-20.

The second game was almost as close, going to 21-17 in favor of the Severn Six.

The third was as hot and nerve racking as the first. First one team would take the lead and then the other. Peel and Lewis were doing powerful work for the Severn Six and Baker started at serve, while Bierley shot it low over the net, and Noble and Koerner passed it up to Means, and when that heavy ball had it passed to him right, it took one slantwise swing and died. The game zigzagged back and forth till it was finally grabbed by the Severn Six 21-19.

Severn Six: Ray Wilcox captain,

SAN FRANCISCO, CAL., Jan. 19.—Cincinnati evidently is certain it will obtain Johnny Couch, star pitcher of the San Francisco Pacific Coast league team, as a sporting goods house of the eastern city recently wired a local business house asking for Couch's uniform measurements. The Cincinnati club has made an offer for Couch, but the deal has not been closed and may not be, according to local club owners.

Exhibition Games

PHILADELPHIA, Jan. 19.—Eight exhibition games will be played by the Philadelphia National league club after leaving the training camp at Leesburg, Florida.

The schedule follows: April 1, Columbia, S. C.; April 3, Charlotte, N. C.; April 4, Baltimore at Winston Salem; April 5, Richmond, Va.; April 7, Henderson, N. C.; April 8, Athletics at Philadelphia; April 9, Newark.

Here Is Record

MUNCIE, IND., Jan. 19.—What is thought to be a record for individual scoring in a basketball game was made by Jones, forward on the Fort Recovery, Ohio, high school team, who scored eighty-eight points in a game against the St. Henry, Ohio, academy team at Fort Recovery last night. Jones' team won 100 to 10.

Scribes Are Raving About Blair's Work

Nig Blair's name is in almost every paper in the state. The local boxer is attracting widespread attention by his flashy work in the ring. If he keeps in tip-top shape like he has been with in the next year the dark skinned, good natured pug will have Henry Ford cranking up his Fiver.

Nig Sent Moore To The Dentist

The Huntington Advertiser says: Eddie Moore arrived home yesterday morning from Portsmouth, and made a bee line drive for the dentist's chair to have a few of his molars set right. Blair in his bout in the Flood city Monday evening.

Since Moore was set back by Blair and Kid Layman was also on the receiving end of a haymaker, we don't know of anything that would be sweeter than to see Moore and the Kid re-matched for a little setto.

Fix New Date

CINCINNATI, Jan. 19.—Johnny Tillman and Billy Ryan, who were threatened a chance to fight at Henck's Theater Monday night when Ryan hurt his back while training, will be able to get together February 13. This method of treating Piles, from the INSIDE instead of the OUTSIDE is not a new idea or something that has not been given a thorough test. In another place on this page we quote from a letter received from a patient who took our treatment 18 years ago and has never had the slightest return of his trouble.

The one BIG recommendation of this method of treatment is the PERMANENCY of the benefits derived.

Another case speaks of having been healed after six torturing years of bleeding piles, and this was accomplished by our trial package alone.

Every One Has A Kind Word to Say of The Page (Internal) Pile Treatment.

Two Tablets and Back to Work

"I have been a sufferer from piles of the worst form for the past six years. I had consulted with the best doctors, but to no avail. I had been unable to work for the two weeks previous to the time I sent for your treatment, and suffered terribly, not being able to find a position I could rest in.

The day I received the medicine I took two pile tablets after supper and one pill before I retired. The next day I worked and have continued to work ever since. I feel like a new man.

I have recommended your treatment to a friend of mine who is bothered with itching piles, as I know it will knock 'em out.

Thanking you kindly for the prompt attention given my order, I am, yours for success."

IRA M. SACORA.
Atinworth, Iowa.

Aged 88—Suffered for Years

"I want you to know what your treatment has done for me. I had suffered with piles for many years and used suppositories and all kinds of treatments, but never got relief until I tried yours. Am now completely cured. Although I am 88 years old and the oldest active blacksmith in Michigan, I feel younger since the piles left me. I will surely recommend it to all I know who suffer this way. You can use my letter any way you wish and I hope it will lead others to try this wonderful remedy."

Yours truly,
J. L. LYON.

Told There Was No "Home Cure"

"Replying to your recent inquiry I am glad to be able to state that the two large-size packages of Treatment I ordered for my son cured him sound and well.

I have tried several remedies but none seemed to have any effect. I was told by some that there was no such thing as a Home Cure for piles. Then by chance I picked up a piece of scrap paper and saw your advertisement. I asked for a free sample, got it, and after I had seen what it had done, I ordered a large-size treatment and it almost completely cured my son. Then I ordered another and I say I can bless the day that I picked up that scrap of paper and answered your advertisement. I can't say enough for the E. R. Page Pile Remedy. I have recommended it to my friends here and sent some of your pamphlets to friends in other states.

Now you may use this letter or any part of it as you may see fit, to introduce your wonderful remedy. With best wishes for your success, I remain,

Yours very truly,
L. M. COPLIN.

You are at liberty to use my name in reference to your Pile Cure and also my photograph, which I am sending you.

With best regards, I remain yours very truly,

Bleeding Piles for Six Years

"Your Pile Tablets are surely wonderful. I was troubled with bleeding piles, off and on, for six years; couldn't get anything to cure them until I read your ad. in the daily paper. The sample must have cured me—I haven't been bothered since."

"Can Not Be Praised Too Much"

"After suffering years with Piles I feel now as if I had never had them. Your remedy is certainly a success and cannot be praised too much. Had it not been for running across your ad in the World Almanac, I suppose I would be still bothered with this awful disease.

I want to thank you for your kindness, and if I ever have an opportunity of recommending it I will do so."

Sincerely yours,

Took the Page Treatment 15 Years Ago

"One of the most grateful letters ever received in our office is dated from date city, Virginia, and is signed by Mr. T. H. Quillin.

Mr. Quillin writes that he used our method for treating piles 15 years ago. He states that he was cured at that time and has never had any return of his trouble. He orders a treatment for his son.

This is a case to be proud of. E. R. PAGE CO.

Mr. E. R. Page,
Dear Sir—
"You tell have to excuse me for not answering your letter before,

but I wanted to convince myself of the merit of your treatment before replying.

Now in regards to the treatment I cannot praise it too highly. After 7 months of continual pain I was surprised how quickly your treatment worked.

I tried several different kinds of treatments and I found them all wanting.

I was on the verge of going to a doctor for an operation when I saw your advertisement.

It appealed to me because to cure piles you have to know what causes them.

It is now 6 months since I have taken your treatment and I have not had any trouble since.

I personally recommend this treatment to all pile sufferers.

Wishing you the best of success, I remain, gratefully yours,"

HARRY SCHLECHTER.

Doctors Recommended An Operation

"I was a sufferer from piles. Two doctors had said there was nothing that would do me any good but an operation. First I tried a sample of your Pile Treatment and was greatly relieved. Then I ordered a regular treatment and now I feel that I am cured. I advise all people who suffer with piles to take the Page Treatment."

Sincerely yours,
J. W. SHORES.
